

VISION

FIBERGLASS TRUCK TOPS

VISION

VISION camper shells by FAST TOPS, combines unparalleled quality and craftsmanship, with style and versatility in our distinct line of Cab-Hi and Hi-Rise shells. The precise custom fit of VISION's Cab-Hi shells, gives your truck the popular SUV look, while also improving gas mileage by aerodynamically reducing wind resistance. For those people requiring extra height and cargo space, VISION Hi-Rise shells offer the maximum area, and access, for either your utility or storage preference.

VISION camper shells continues its tradition of using the highest quality materials and rigid quality control measures in its manufacturing process.

VISION camper shells fit virtually all truck models and are available with several styling options for your specific needs.

VISION

S-E-R-I-E-S

The VISION line of Cab-Hi and Hi-Rise camper shells sets the standard for quality, affordability, and utility. The Cab-Hi model offers the style that enhances the lines of your truck and is everyone's favorite. The Hi-Rise model includes a super-tall door allowing easy access to an extra large cargo area.

CH 600

VISIONEER S.E.R.I.E.S.

The VISIONEER Series offers you the choice of two truly automotive style models. The VISIONEER model 900 with its recessed and contoured side pop-out windows, and the VISIONEER 600's super-large curved side sliders, gives you the combined style of an SUV and the versatility of a pick-up. Both models are equipped with the standard double-tee-handles, or are available with the optional single-push-button "Slam-Latch" door.
